VII-K-Fellows

Report of the SAS Fellows committee

The SAS fellows committee, which is composed of Paul Farnsworth (chair), Karl Booksh and David Haaland (members), is in the process of collecting nominations for Fellows of SAS. In particular we will be soliciting nominations from eligible colleagues at the upcoming EAS and SciX meetings. We remind members of the executive committee and current fellows that they are eligible to submit nominations to us, and we encourage them to do so. We expect to complete our selection of nominees by the end of 2015, and will submit the list to the executive committee in January of 2016.

Respectfully submitted,

Paul Farnsworth, committee chair
