

VII-F-Tour Speaker-SciX 2017

Tour Speaker

The 2018 Tour Speaker program will be in conjunction with our 60th Anniversary and will have a theme for the coming year's SAS tour "Pillars of Spectrochemical Analysis". This will be long-time leaders, probably all SAS Fellows, giving their perspective of the past, present, and future of their respective areas. We will also be trying to tie this in to a session at SciX in celebration of our 60th.

The 2017 Tour is complete and was a success.
